Degrees to Be Awarded at Open Air Program

Alumnus Russell D. Hamilton to Address MSC Graduates

A total of 151 candidates for bachelor's degrees and 26 candidates for Master's degrees will hear a distinguished MSC alumnus speak on "An Open-Minded Skeptic" at their graduation program.

The summer Commencement exercises will take place at 8 a.m. Aug. 5 at Rickenbrode Athletic Field.

Russell D. Hamilton graduated from NWMSC 40 years ago, is now project engineer at Ford Motor Co. He was born in Trenton, where he attended grade and high school. He did graduate work at Iowa State College, Ames, and participated in Ford-directed studies at Henry Ford Community College. Mr. Hamilton taught science and mathematics for three years at Excelsior Springs High School.

A chemist at Cook Paint, Kansas City and Detroit, from 1929 to 1938, he was promoted to rough formulator. He also was lead technician, plant superintendent, and director of

Alkyd Resin Pigmentation Division and was instrumental in the initial development of enamels for use in replacing lacquers on automobiles.

A pigment and industrial enamel technician from 1938 to 1952 at Sherwin Williams Co., Chicago and Los Angeles, the engineer developed the seam sealer and high altitude camouflage for airplanes during the war. One of the first civilians to reach 42,000 feet, he received the honor title of Flying Colonel.

After serving as paint superintendent at Hudson Motor Co., Mr. Hamilton became project engineer, organic coatings, manufacturing development office, at Ford Motor Co. Since 1954 he has served as the final judge on the acceptability of the paints and processes used as well as determiner of whether cars painted with this process are satisfactory or not.

A member of the American Chemical Society, Mr. Hamilton is now serving as membership chairman of the Detroit Section. He has been a member of the Society of Paint Technology since 1930 and is a member of the ASTM Comm. D1., Sub. 23 and 27, which constructs the specifications for raw materials and testing of paint products.

Dr. R. P. Foster Elected To National Council

Dr. Robert P. Foster, president of NWMSC, was elected as a member-at-large of the national council of the Boy Scouts of America at the recent meeting of the national council in Dallas, Tex.

He is scoutmaster of Troop 75 in Maryville and has received the Silver Beaver Award, the highest honor given to a volunteer worker.

Pictured above are 25 of the 26 Northwest Missouri State College candidates for University of Missouri Master of Education degrees to be granted through a cooperative study program arranged between the two institutions pending fulfilling of requirements.

They are, front row, Mrs. Betty Moser Price, elementary education; Mrs. Elizabeth R. Hendrix, elementary education; Mrs. Erdene L. Logsdon, elementary education; Mrs. Grace June Jordan, elementary education; Miss Jeanie Wright Albright, elementary education; Mrs. Patricia A. Pfost, secondary education; Mrs. Bette A. Bauer, elementary education; Mrs. Myrna Wilson, elementary education and Mrs. Edwardene Armstrong, elementary education.

Candidates pictured in the second row are Robert Tague, physical education; Billy Joe

Burch, physical education; Paul Buxton Olson, business education; Larry William Hughes, physical education; Terry L. Myers, physical education; Frederick O. Potter, physical education; Gary F. Gibson, business education—commercial; Bill R. Tarpley, secondary education—administration; Gary Swaney, secondary administration; John C. Leinbach, Jr., Physical education; Richard Wiederholt, secondary administration and supervision; Larry D. Sturgis, secondary administration and supervision; Norman F. Nelson, business education; Larry French, secondary education—administration; Kenneth Ray Dunn, secondary education—administration, and Bruce R. Wake, secondary administration.

Mrs. Lillian Handke was absent when the picture was taken. Her field of study is secondary education—English.

More Than 150 Students Named Candidates for Bachelors' Degrees

Names of over 150 candidates for baccalaureate degrees to be given at the Aug. 5 Commencement have been announced by the registrar's office.

Candidates for AB degrees are Terry Ray Chadwick, English, Creston, Iowa; Linda Kay Graf, accounting, Kansas City; Marilyn Sue Hanna, general business, Maryville; Philip F. Kneib, marketing, St. Joseph; Michael Martin Lydon, accounting, Adair, Iowa; Ronald H. Martin, history, Maryville; Leo Sam Papas, social science, Sioux Falls, S. D.; Penny O. Rehberg, French, Rock Port; Raymond E. Starr, general business, Council Bluffs, Iowa; Jerry Thomas Taylor, accounting, Maryville, and Allen Averill West, English, Blockton, Iowa.

Students eligible for BS degrees are Leo C. Duffield Jr., marketing, Olathe, Kan.; Johnny Mack Fleming, general business, St. Joseph; Gary Rae Gilkerson, finance and insurance, St. Joseph; Ronald Joe Hatheway, business, Stanberry; Richard LeRoy Lonn, finance and insurance, Red

Oak, Iowa; Mohamed A. L. Mazaheri, agriculture, Teheran, Iran; Lonna Lee Newman, history, St. Joseph; Richard L. Petersen, general business, Earlham, Iowa; Gary Lee Pritchard, general business, Pilot Mound, Iowa.

Garrett W. Quickert, mathematics, Inglewood, Cal.; William J. Reichen, accounting, St. Joseph; William Joseph Reiff, finance and insurance, Maquoketa, Iowa; Dale K. Reiman, accounting, Templeton, Iowa; Gary Lee Shaw, general business, Denison, Iowa, and Jonalee Dean Stickler, general business, Trenton.

Candidates from Missouri eligible to receive their BS in Secondary Education degree are Michael L. Armintrout, business and math, Kansas City; Charles Irwin Arms, industrial arts, Maryville; Janet Smith Baker, business, Maryville; Margery Jo Baker, English, St. Joseph; Darwin Eugene Bears, social science, Maryville; Herbert Joe Boll, industrial arts, St. Joseph;

Douglas Pat Caldwell, physical education, Sheridan, and Susan Carr, English, Agency.

Harold Lee Clark, physical education, Maitland; John Charles Coufal, industrial arts, Barnard; Brady Reid Craven, physical education, Stanberry; Gertrude Haines Davis, English, Maryville; Jerrold Gene Dodge, industrial arts, Darlington; Bruce David Fife, industrial arts, Maryville; Gary Arthur Foland, physical education, Maryville; Jerry Coeb, social science, Craig; Douglas B. Gillespie, social science, Maryville; Carl L. Henningsen, physical education, Maryville, and Jerry Lee Kelley, industrial arts, Stanberry; Gertrude Haines Davis, English, Maryville; Jerrold Gene Dodge, industrial arts, Darlington; Bruce David Fife, industrial arts, Maryville; Gary Arthur industrial arts, Graham.

Richard Dean Kullbom, industrial arts, Maryville; Dan Lee Longstreth, physical education, Kansas City; Judy Ann McGinnis, speech, Maryville; Nida K. (Continued on Page 4)

Placement Office Announces Fall Teaching Assignments

The Field Service Office has assisted several alumni and August graduates in securing teaching positions for the coming fall school year.

Students going into the field of library science in Missouri include Ronald Murawski, Gower; Helen Cook, Oregon; Betty Otte, Savannah, and Patty Killmon, St. Joseph. Iowa library placements consist of Gertrude Davis, Manning; Judith Nieman, Esterline; Paula Zimmerman, Farmington, and Carita Culmer, Waterloo. Janet Whitten has been newly assigned to Castle Rock, Colo.

Positions for teaching mathematics have been obtained in Iowa by Ronald Bauwart, New Market; Dennis Schwieso, Waterloo; Larry Giles, Mount Ayr; Karl D. Kaupp, Creston; Arnold Thompson, Nevada; Arnold Goff, Humboldt; Ron Hohnke, Albia; Lois Clemens, Orient; Rex Petry, Shendoah; Gary Smith, Diagonal; Frank Riley, Anita; Rita Crosswhite, Perry; Albert Hillers, Harlan, and Jerry L. Dunkin, New Virginia.

Positions as mathematics teachers in Missouri have been secured by Wray Bell, Ravenwood; Franklin Smith, Fairfax; Judy Kerns, Stanberry; Gary Foland, Westboro; Elvin Ungles, Mound City; Charles Elifrits, Smithville; Ed Propst, Mount Alverno, Maryville; Donald Jones, Ridgeway; Jacqueline Henningsen, Cameron; Mary Bodle, Westboro; Martha Masters, Sullivan; Richard Cummings, North Kansas City;

John Mobley, Maryville; Sandra Coffin, Parkville; Earl G. Pressley, Koshkonong; Forest Ohnesorge, Warrensburg; Joan E. Fuller, Rosendale, and Eddie Parman, Parkville.

Persons who will teach mathematics in other places include Dolores Brannan, Omaha; Larry A. Holland, Smoky Lake, Alberta, Canada; David A. Gore, Oak Park, Ill., and Oakley Risser, Denver, Colo.

Placements in other fields have been made and will be announced in the first fall issues of the Northwest Missourian.

Robert Johnson Named To Foreign Service

President Johnson has named Robert D. Johnson, son of James Johnson, NWMSC librarian, and Mrs. Johnson, as a Foreign Service Officer of the United States.

Johnson, '65, received the appointment after successfully completing the highly competitive written and oral examinations.

In working in Foreign Service of the United States, Johnson will be in a career professional corps trained to carry out the foreign policy of the nation in day-to-day relations with other countries. Within a few weeks he will be assigned to a position with an embassy or consulate in one of the 113 countries with which the United States maintains diplomatic relations or with the Department of State in Washington.

First Level Students Create 'Happyville'

MARYVILLE DIME STORE, in the first level room at Horace Mann, is a busy place. Miss Jo Ann Stamm, instructor, ad-

mir's Kim Walker's choice of toys as Nacie Scott rings up Tim Gutzmer's purchases. Steve Hartman listens to a record.

The twenty-five students in first level summer school at Horace Mann are studying the responsibility of the individual in various groups that make up a community.

Beginning with the family, the children talked about fam-

ily interdependence and division of labor within the family unit. Then each child made a large cardboard house front, painted it, and attached it to the front of his desk. Thus, the miniature town, christened Happyville, appeared.

A trip to the city manager's office three weeks ago prompted the election of a city manager for Happyville. Other town officials were then pointed or elected.

Under the supervision of Miss Jo Ann Stamm, first grade instructor from Lincoln, Neb., and student instructors O. Dowden, Hopkins; Lettie Sanders, Conception Junction; Helen Watkins, Griswold, Iowa; and Lola Peterson, Villisca, Iowa, the children built stores for their "town." Among them are a dime store and a bakery.

Because some family members must work in order to earn money to buy food, clothing, and other items, the children "work" in the stores, making and selling items.

Real money is used as much as possible, and discounting, taxing and making change are studied and discussed.

By participating in various community duties in Happyville, the children are better able to understand the importance of each individual in the community.

Church of Jesus Christ of Latter Day Saints, Maryville.

Announcement has been made of the engagement of Miss Elaine McCombs, Humeston, Iowa, to Paul Douglas Fields, Maryville.

Miss McCombs attended NWMSC and is presently employed at the Iowa Methodist Hospital, Humeston. Mr. Fields is a junior at NWMSC, where he is majoring in physical education and affiliated with the Sigma Tau Gamma fraternity. The wedding will take place Sept. 4.

Miss Judith Rebecca Ower, Maryville, became the bride of Robert David Johnson, Maryville, June 11 at the First Presbyterian Church, Maryville.

Mrs. Johnson is a member of the Alpha Sigma Alpha sorority. Mr. Johnson, affiliated with the Alpha Kappa Lambda fraternity, was graduated from NWMSC in 1965. He is in the Foreign Service of the State Department and is presently serving in Washington, D.C., where he is in training.

Weddings, Engagements

Miss Paula Irene Minshall, Pickering, became the bride of David Thomas Mooney, Hopkins, July 8 at the Pickering Methodist Church. Mr. and Mrs. Mooney both attended

Northwest Missouri State last year.

The engagement of Miss Linda Lee Hodge, Princeton, to Michael Ray Haley, Modena, has been announced.

Miss Hodge attended NWMSC and presently works for Grand River Mutual Telephone Corporation. Haley is employed by the Missouri Highway Department.

Carol Jean Hall and Harold White Hascall, both of Malvern, Iowa, were married June 5 in the Malvern Methodist Church.

Mrs. Hascall is employed as a secretary in the Registrar's Office, and Mr. Hascall is attending Northwest Missouri State College.

Barbara Ann Jones and Norman Crouse, both of Maryville, were married May 28 in the First Baptist Church, Maryville.

Mrs. Crouse is attending Gard Business College, St. Joseph, and Mr. Crouse attended NWMSC two years before enlisting in the Air Force.

Joyce Meyer, Maryville, and Duane Hammers, Blockton, Iowa, were married the morning of June 1 at St. Gregory's Church, Maryville.

Mrs. Hammers is a freshman, majoring in medical technology. Hammers will be a sophomore at NWMSC this fall.

Miss Dixie Clouse, Maryville, and Jerry Mozingo, Maryville, were united in marriage the evening of June 25. Mrs. Mozingo is a sophomore at NWMSC, and Mr. Mozingo is a junior.

Miss Jennie Jean Slykhuis, Dallas, Iowa, became the bride of Robert Wesley Patience, Maryville, June 5 in a ceremony at the Reorganized

Enrollees Surprise Their Music Director By Asking for Double Workshop Hours

WITH THE AID of Miss Alice Gallup, Music Workshop director, left, and Miss Ruth Miller, workshop coordinator, right, Cinda Steele, Mike Job, and Mark Kieser, back

row, and Linda Watkins and Joe Phares, sing "ah" to warm up before presenting a demonstration to the Music Workshop enrollees.

"They're so eager to learn!" exclaimed Miss Alice Gallup, director of the Elementary-Junior High Music Workshop.

This workshopper eagerness, she reported, developed into afternoon sessions. Originally, the workshop had been planned so that classes would meet only in the mornings. The 28 enrollees, making the most of one week, decided to extend their learning periods.

Miss Gallup, assistant supervisor of music education in Long Beach, Cal., stated that the main purpose for the work-

shop was to try to help teachers keep abreast of new developments in music education. The methods used varied from examining new trends in textbooks to viewing new equipment and hearing new recordings which relate to recent discoveries about the place of music in education. The workshopers also observed music demonstrations presented by the first and third levels and the seventh grade of Horace Mann.

"We tried to demonstrate that music is an academic discipline — an intellectual as well

as an emotional and aesthetic subject," Miss Gallup emphasized.

Each participant in the workshop is a music specialist teaching music in elementary, junior, or senior high in his respective school system.

Miss Gallup, who shares alumnus status at the University of Kansas with Miss Ruth Miller, overall director and coordinator of the workshop, commented, "I would like to commend Miss Miller for the splendid things she is doing in music for boys and girls in Maryville."

... Ye Ole Stroller is glad to hear that one of NWMSC's athletes enjoys his exercise. But a five and a half mile jog at 4 a. m. must be an ordeal.

... Third floor Perrin was bothered by slamming doors until two geniuses got together and cut up sponges for door-stops. "Necessity" — sleep — "is indeed the mother of invention."

... The Stroller is beginning to wonder if NWMSC has a new job: Keeping the Maryville Fire Department on its toes. Two fires on campus in one week, one in the Den, caused by a short circuit, and one behind the power plant, caused by oil left in old pipes that were being cut with a blowtorch, made the fire fight-

ers a familiar sight on the college grounds.

... Not too long ago, the Stroller noticed two NWMSC students trudging back to town pushing a shiny Yamaha that had a plugged gas line.

Then the "once in a lifetime" happened. A friendly couple gave them a ride back to the Yamaha shop, where they were given another machine. Imagine the astonished students' surprise when they learned that the couple who had driven them into town owned the shop.

... A Perrin Hall resident made a dramatic entrance into the dormitory Tuesday evening after the brakes of the car she was riding in failed and the car jumped the curb and toured across Perrin's lawn.

Readers Prepare Chamber Theater

REHEARSING THE FINAL scene for Monday's performance of "Ethan Frome" are, sitting, Durward Limbacher, Ethan; Sue Calbreath, Zeenice; Rachel Templeman, Mattie Silver, and, standing, Mrs. Joane Ashbaugh, narrator, and Marjorie Hitchcock, Mrs. Hale.

The public is invited to attend the experimental chamber theater production of Edith Wharton's novelette, "Ethan Frome," at 7 p. m. Monday in the Little Theatre of the Administration Building.

The production, directed by Dr. Ralph Fulsom, will be presented by oral interpretation students enrolled in Speech 72. The readers for the performance are Mrs. Joane Ashbaugh, Sue Calbreath Rachel Templeman, Marjorie Hitchcock, and Durward Limbacher.

Chamber theater, a type of performance gaining in popularity, is defined by Charlotte Lee, Northwestern University, as a "technique for dramatizing the point of view of narrative fiction."

The purpose of this type of interpretation is to present the novel on stage to illustrate its dialogue and dramatic actions. Characters use only a minimum of make-up, scenery, and costumes, but move freely on the stage, reading from a script rather than having their lines memorized.

LEARNING TO PLAY pool in the North Hudson Hall recreation room are Swiss students: Werner Zai, Susanne Heizmann,

Regula Krayenbuhl, Vrene Briner, Annelies Moser, Silvia Trub, Peter Stocklin, and Anne Marie Straessler.

* * *

Experiments Reveal Desires, Differences Between Homeland and American Living

"I want to know the country which has quite an influence on Europe now and which is often called a country of unlimited possibilities — America," Peter Stocklin leader of the Swiss Experiment in International Living group, commented.

In answer to a questionnaire presented to the Swiss, eight of the nine indicated that one of the places they were looking forward to seeing was "San Francisco with the Golden Gate Bridge." Many said that they had heard it was one of the most beautiful cities in the world. Several explained that they wanted to reach San Francisco because it was the place where they would begin their homestay.

"Why did you choose America as the country you wanted to visit?" brought many varied answers. Regula Krayenbuhl

stated, "From visiting Americans in Switzerland, I have become so curious about the American way of life and wished to see the country itself. I believe that a visit to the United States will broaden my mind."

Rudolf Hunkeler explained, "I have been told so many times that America is an amazing and beautiful country. And now I know: It's a wonderful nation."

Werner Zai is "eager to learn if the United States is really like the books, people, and newspapers say."

Annelies Moser perhaps revealed the real reason for the program when she said, "I believe that through the 'Experiment,' the exchange of young people, we will get a better understanding of people of other nations and consequently be more open-minded."

A third question asked con-

cerned the visitor's observations in American college classes. Anne Marie Stressler did not really notice any difference in the teaching methods, but she did "feel that the relationship between students and teachers is closer, more friendly just not as formal as it is in my country."

Silvia Trub observed that "the students have not as much classes as we in Switzerland. The teachers are very friendly to the students."

Susanne Heizmann stated, "I have noticed that the students here do not show as much respect for their professors as they do in Switzerland."

Vrene Briner commented, "The atmosphere is freer. The teachers are like friends to the students, but in Switzerland we look at them as a high authority. I think we work harder and more intensively."

Peter Stocklin, in charge of a surprise program to be presented to the public Aug. 1 in the Horace Mann auditorium, perhaps summed up everything with his two tips in the United States: "To make friendships with a lot of new, sometimes different thinking, Americans and to attempt to learn and understand your way of life, your customs in order to have a wider experience and to make an objective judgement."

given to Fred Beavers, co-editor, and Bob Bosch, editorialist, who will transfer to the University of Missouri this fall to further their studies in public relations and journalism.

Miss Sally Jackson, who has assisted the staff during the past two terms, Joyce Jeanblanc, circulation manager, and T. H. Eckert were guests at the dinner.

Mary Lou Mullenax, co-editor, served as emcee and was in charge of awards and surprises. Regie Turnbull gave the invocation. Beavers directed table arrangements. Lynette Cole assisted Miss Mullenax with table decorations.

Mrs. T. H. Eckert, Missouriian adviser, assisted the staff, with arrangements for the dinner.

Dr. Charles Koerble Clarifies Information About Orientation

Some Northwest Missouri State College students have been confused by rumors related to freshman orientation.

In order to correct these rumors, Charles E. Koerble, dean of students stated, "All new freshman students, including those attending summer school, will take pre-registration orientation at the beginning of the fall semester."

Conducted by upperclassmen Sept. 20-22, this orientation program will include a meeting with administration heads, an introduction to social activities, and participation in student panel discussions. An Organization Fair is also being planned for the evening of Sept. 21.

Small group meetings will be held to give upper-class assistants an opportunity to answer questions the freshmen may have and to acquaint freshmen with campus responsibilities and traditions. A freshman dance is being planned for 7 p. m. Tuesday, Sept. 20.

On the evening of Sept. 24 an all-campus Back-to-School dance will be sponsored by the Union Board. Music will be

provided by Johnny and the Hurricanes, whose recordings include "Red River Rock," "Reveille Rock," "Ja-Da," and "Money Honey."

Questions concerning the freshman orientation program may be discussed with Dean Koerble, Room 119, Administration Building.

Editors Honor Staff At Carrousel Event

News writing students were honor guests at a Carrousel dinner given by the Northwest Missouriian editorial staff Wednesday evening at the Cardinal Inn, Maryville.

The buffet dinner, marked by a merry-go-round of surprises and unusual awards, was designed to be a happy climax to a summer of concentrated studies and news writing for the Missouriian.

The honorees included Beverly Beeks, Vicky Hanna, Sue Calbreath, Janet Nielsen, Eugene McCombs, and W. R. O'Riley.

Special recognition was also

Acreage, New Farm Equipment Purchased for College Farm

DAIRY HERDSMAN Keith Runyan stands among approximately 30 Jersey and Holstein dairy replacement heifers as they eat hay

during a hot afternoon. The animals are on the new land bought to give added grazing land to the NWMSC farm.

Northwest Missouri State College has purchased approximately 93.2 acres of land and several pieces of farm equipment in a project of enlarging the program of the Agriculture Department.

According to Dr. John C. Beeks, chairman, Department of Agriculture, this additional acreage is used primarily as pasture for about 30 Holstein and Jersey replacement heifers; however, 14 acres of hybrid corn is being raised on the new plot. The NWMSC farm now covers 220 acres.

Two tractors, a field chopper, hay mower and conditioner, blower, and a silage unloading wagon are included among the new machinery purchased.

Dr. Beeks reported that the purchases have increased the laboratory studies of the department since much teaching is done on the farm.

An oat crop has been made into low moisture silage and put into the recently constructed oxygen-free silo. This silo is built so that the carbon dioxide formed by the deterioration of the silage cannot escape from the structure. The carbon dioxide keeps oxygen from entering the silo.

Other crops such as alfalfa and corn are raised to feed the 35 milk cows, some hogs, and a few chickens.

When asked about experiments on the farm, Dr. Beeks commented that commercial sprays and

weed killers are used but that experimenting is very limited. Some experimentation is done with the dairy cattle, however.

In the near future, according to Dr. Beeks, the staff hopes to have a new farrowing house. They have plans to raise hogs on confinement, with approximately 150 to sell each year. Hogs which are presently being raised are a crossbreed of pure bred Landrace sows and a Poland China boar.

The taking of bids for construction of a new milking parlor is in progress. This new parlor will contain four stalls, and the cows will be fed automatically.

Plans are underway for a complete milk processing plant. If completed, the plant will process milk necessary for NWMSC use. It is also possible that cheese and ice cream will be made.

Dr. Beeks is not the only supervisor in the agriculture department. William Treese Sr. is the instructor of dairy, horticulture, and poultry classes.

Dr. William C. George is the agriculture engineer, in charge of the buildings, machinery, and conservation. Floyd B. Houghton, instructor of animal husbandry uses his own Black Angus cattle for teaching purposes.

Keith Runyan is the NWMSC dairy herdsman.

5th Victorious Season Is Goal of 1966 'Cats

When Coach Ivan Schottel's determined Bearcats take the field Sept. 17 for the opening kickoff against Drake University, Des Moines, the gridsters will commence an attempt to bring the fifth winning season since 1950 to NWMSC.

Football fortunes on the Maryville campus have not been bright since the half-century mark. The 1952 team under Coach Ryland Milner was the last Bearcat aggregation to win the MIAA Conference title with a 6-3-0 slate.

Other winning teams in the 15-year period were Coach Earl Baker's 1960 squad and the '64 and '65 elevens directed by Coach Schottel. Beginning his fourth season at NWMSC, Schottel hopes to have another strong football team this fall with 29 returning lettermen.

The Bearcats have had five undefeated teams in the school's history. The first team to do the trick was Coach H. F. Lawrence's 1925 squad.

E. A. "Lefty" Davis coached one of the five undefeated-untied teams in the nation during the 1931 Bearcat campaign. With present Athletic Director Milner at the helm in 1938 and 1939, the 'Cats racked up two successive 9-0-0 seasons. Later the Milner-coached team of 1944 recorded a 7-0-0 slate.

NWMSC has won the MIAA conference title eight times with its last crown being taken in 1952. If the 'Cats can manage to avenge two losses suffered last year against conference foes in the south part of the state — at Southwest Missouri State, Springfield, and at Southeast Missouri State, Cape Girardeau — and hold their own against other league teams, Coach Schottel just may pull the conference crown out of his winner's hat this fall.

Series records against conference schools reveal that the

150 Graduate

Messick, English, Maryville; Marcia M. Meyer, English, King City; Sandra Floyd Mogg, vocational home economics, St. Joseph; Gaylord W. Motsinger, industrial arts, Maryville; John Ronald Murawski, English, St. Joseph; Nancy Wayman Perez, English, New Hampton; Rex Allen Petry, mathematics, Maryville, and Lorna K. Pierpoint, vocational home economics, St. Joseph.

Tanya Driver Pitzer, English, Maryville; Gary D. Randall, physical education and industrial arts, Maryville; Judy Kay Reynolds, English, Maryville; Joyce C. Richmond, English, St. Joseph; Joyce C. Ridge, social science, Agency; Eddielca Harriett Roe, speech, St. Louis; George C. Sedwick Jr., history, St. Joseph; Lane Douglas Smith, physical education, Grandview; Evelyn T. Stanley, art, Jameson; Beverly L. Straight, vocational home economics, Maryville; William Dale Taylor, physical education, Skidmore; Judith Frances Terry, French, Lemay, and Don E. Van Sickle Jr., mathematics, St. Joseph.

Students from other states expected to receive a BS degree in Secondary Education are Joyce Kaye Bennett, biology, Troy, Kan.; David J. Bintner, history, Exira, Iowa; Jon Roger Boulton, physical education, Iowa City; Robert L. Chambers, mathematics, Glenwood, Iowa; Delbert L. Christensen, industrial arts, Casey, Iowa; Rita Marie Crosswhite, mathematics and biology, Guthrie Center, Iowa, and Alan Lee Driskell, business, Blandinsville, Ill.

Jesse Fay Everhart III, general business, Bedford; Douglas R. Girling, physical education, Roseville, Mich.; Joyce Ann Huffman, physical education, Creston; Judy Boe Ivy, mathematics and business, Council Bluffs; Harley Joe Johnson, agriculture and social science, Sheffield, Iowa.

Karl Dennis Kaupp, mathematics, Creston, Iowa; Philip S. Larson, history, Boone, Iowa; Ambrose H. McGuire, agriculture, Vincent, Iowa; Gene A. Molendorp, biology, Sibley, Iowa; Philip L. Murrell, art, Winterset, Iowa; Roger L. Ossowski, English, Moline, Ill.; Larrie A. Palmer, industrial arts, Clarinda, Iowa, and Delvin Lee Phipps, social science, Marshalltown, Iowa.

Floyd Edward Propst, mathematics, Des Moines; Gary Eugene Rus, physical education, Council Bluffs; Richard D. Saemisch, industrial arts, Atlantic, Iowa; William James Sauer, business, Hamlin, Kan.; Daniel D. Schneider, chemistry, Richmond, Mich.; Dona May Shroyer, English, Guthrie Center, Iowa.

Gary Donald Smith, mathematics, Garden

'Cats lead only in the series against Central Missouri State, Warrensburg, with a 24-17-2 mark. In the other series, Maryville is tied with SEMSC, 17-17-2; behind with University of Missouri, Rolla, 12-19-1; behind with Northeast Missouri State, Kirksville, 11-17-4, and behind with SWMSC, 18-20-3.

Grove, Iowa; Homer E. Smith Jr., physical education, Des Moines; Arnold W. Thompson, mathematics and physical education, Davis City, Iowa, and Larry Dalton White, physical education, Des Moines.

Candidates from Missouri for a BS in elementary education degree include David Lee Bauman, Maryville; Laura Carpenter Bowen, St. Joseph; Juanita S. Buster, Maryville; Patricia J. Chambers, Agency; Opal Walden Dowden, Hopkins; Mildred G. FitzSimmons, St. Joseph; Stanlie P. Furlong, Trenton; Mary Page Garner, Rosendale; Irma D. Griffin, Jamesport; Carol Sue Kimmel, Maryville, and Mary Elizabeth Mather, Tarkio.

Harriett Hill Nielsen, Barnard; Linda Landis Perry, St. Joseph; Ruth Porter Rains, St. Joseph; Mildred Hooker Rensch, Chillicothe; Vera K. Schindler, Cosby; Imogene N. Shepard, St. Joseph; Lettie L. Siddens, Maryville; Phyllis L. Skoglund, Barnard; Dorothy Thompson, Amity; Bernice Wilkerson, St. Joseph, and Nancy N. Willey, Maryville.

NWMSC students from other states slated to receive a BS in elementary education are Phyllis L. Anderson, Council Bluffs, Iowa; JoAnn M. Barnes, Madrid, Iowa; Patsy M. Beavers, Shenandoah, Iowa; Viola M. Bellis, Essex, Iowa; Juanita C. Crawford, Earlham, Iowa; Linda W. Engemann, Wathena, Kan.; Bernice Barr, Guffey, Villisca; Julianne S. Hagewood, Clarinda; Eula Miller Hall, Clarinda; Marie Fluckey Hudson, Afton, Iowa; Bernice Moon Ihrig, Blockton, Iowa; Clara Henn James, Northboro, Iowa; Velma Pehrson Jarrett, Red Oak; and Anita Cullen Johnson, Council Bluffs.

Jane Koski, Dunlap, Iowa; Evelyn Barker Leet, Millard, Neb.; Janice Lee Lock, Sioux City, Iowa; Evelyn Hughes McKay, Clarinda; Frances Huey McKinley, Clarinda; Judith Ann Nieman, Manilla, Iowa; Marilyn Campaign Rucker, Bedford; Gretchen G. Smith, Malvern, Iowa; Martha R. Speaker, Papillion, Neb.; Delma M. Sundberg, Stanton, Iowa; Jean M. Timmerman, Nodaway, Iowa; Kathryn Smith, Toledo, Ignacio, Colo.; Ruth S. Triplett, Red Oak, Iowa; Helen C. Watkins, Griswold, Iowa, and Evelyn W. Wiard, Lineville, Iowa.

Ronald R. Burson, Quitman, is the only candidate for a BS degree in elementary and secondary music education.

Houston Starts Work As Assistant to Boone

Richard Houston assumed his duties July 1 as assistant to Luke Boone, director of the Instructional Materials Bureau at Wells Library, with his special work to be in the technical areas.

Houston is a graduate of Horace Mann High School. He received a BS degree with a major in physics from NWMSC in 1961. For two years, Houston worked for Boeing Aircraft Industries, Wichita, as a quality control engineer. For the past two years, he has taught at South Nodaway High School. Houston is married to the former Verlene Schmidt, Maryville. They have three children.

NWMSC Marching Band to Perform At Drake University Football Game

Members of the 1966 Bearcat Marching Band will begin rehearsals Sept. 12 for the musicians' first performance of the season at Drake University, Des Moines, Iowa, Sept. 17.

Under the direction of Ward Rounds, NWMSC instrumental music instructor, the band will hold indoor and outdoor rehearsals daily in preparation for the half-time football show in Des Moines when the NWMSC Bearcats meet the Drake Bulldogs.

Band members will leave Sept. 16 by chartered Trailway buses and will stay in the Hotel Savory, Des Moines. This

is the first time in recent years that the band has marched at Drake University.

Another first for the marching band is the high school band day, Oct. 15. Marching bands from Northwest Missouri and Southwest Iowa high schools will be invited to NWMSC to compete in six minute half-time shows on the football field. Three judges will rate the bands according to Class A, B, C, or D sized schools. Trophies will be given to the winning bands.

Mr. Rounds announced that only schools receiving first division ratings will be invited back for Homecoming.
